

## How to set parental controls on your devices

Please note: when following the instructions below, the exact steps you need to take may be a little different depending on the device and software version you're using.

### iPads

- Set a screen time passcode
- Go to 'Settings' (a grey icon with a circular pattern on the home screen) and tap 'Screen Time'
- Tap 'Continue', then choose whether it's your device or your child's
- If it's your device and you want to stop your child changing your settings, tap 'Use Screen Time Passcode' to create a passcode. Re-enter the passcode to confirm
- If it's your child's device, follow the prompts on the device until you get to 'Parent Passcode' and enter a passcode, then re-enter it to confirm
- Block in-app purchases
- Go into Settings > Screen Time > Content and Privacy Restrictions. Enter your passcode if asked
- Tap 'iTunes & App Store Purchases'
- Choose a setting (for example, in-app purchases) and set to 'Don't allow'
- Block explicit content and set controls on apps
- Go to Settings > Screen Time > Content & Privacy Restrictions > Content Restrictions
- Choose the settings you want for each feature or setting under 'Allowed Store Content'
- Filter website content
- This sets restrictions on what websites children can access.
- Go to Settings > Screen Time > Content & Privacy Restrictions
- Enter your screen time passcode
- Tap 'Content Restrictions', then 'Web Content'
- Choose 'Unrestricted Access' (access to any website), 'Limit Adult Websites' (to block access to adult content in Safari) or 'Allowed Websites Only' (to set specific websites as 'approved websites' and limit access to only these websites)

### Fire Tablet

- Set a parental controls password
- Swipe down from the top of the screen, then tap 'Settings' (a cog icon)
- Tap 'Parental Controls'
- Tap the switch next to 'Parental Controls'
- Enter a password, confirm it, then tap 'Finish'
- Restrict apps, features and content
- In 'Parental Controls', tap 'Amazon Content and Apps' to choose which content or apps you want to block
- You can set your device so that you can only play videos and Twitch (a live streaming platform), and access WiFi and location services, by entering your parental controls password. Go into 'Password Protection' in 'Parental Controls' to toggle these on
- To block access to Amazon, go to 'Parental Controls' and press 'Amazon Stores (excluding Video)'
- Block in-app purchases
- Go to the Amazon Appstore on your device

- Select Account > Settings > Parental Controls
- Tap 'Enable Parental Controls', and then enter your account password. Once you've done this, your child won't be able to buy anything in the app without your Amazon password
- Restrict available content
- Create a child profile and select which apps and content are available to that profile
- Go Parental Controls > Amazon Content and Apps
- Toggle categories to 'Blocked' to block access to relevant apps and games
- Set times when your child can use the tablet
- Go to 'Parental Controls'
- Tap the switch next to 'Set a Curfew', then tap 'Curfew Schedule'
- Set the day and time limits you want
- To unlock a device during a curfew, enter your parental controls password.

vary: <https://www.amazon.com/gp/help/customer/display.html?nodeId=200127470>

#### Microsoft devices (Windows computers and Xbox)

- You'll need to have a family account set up, with 'child' profiles for your children. Learn more here: <https://support.microsoft.com/en-us/help/12413>
- You can't change existing adult accounts to child accounts.
- Set screen time limits
- Go to <https://account.microsoft.com/family> and sign in to your Microsoft account
- Find your child's name and select 'Screen time'
- Switch 'Use one screen time schedule' to 'On' to use the same schedule for all devices. Or scroll down and switch on screen time for different devices individually if you want to have separate schedules
- You can set time ranges for using devices, and how many hours per day, for each day.
- Set age limits for apps, games and media
- Online:
- Sign in to your Microsoft account, as above, and find your child's name
- Select 'Content restrictions'
- Go to 'Apps, games and media' and switch 'Block inappropriate apps, games and media' to 'On'. Under 'Allow apps and games rated for', select the age limit you want to apply to your child
- On Xbox:
- Sign in with an adult account
- Press the Xbox button on the controller to open the guide, and then select System > Settings > Account > Family
- Select the child account you want to put controls on, select 'Access to content', then select the age limit you want to set
- Block inappropriate websites

#### Online:

- Sign in to your account, find your child's name, and select 'Content restrictions'
- Scroll down to 'Web browsing' and switch 'Block inappropriate websites' to 'On'

- To block specific sites, add links to them under 'Always blocked'
- To make it so your children can only access websites you've explicitly allowed, check the box next to 'Only allow these websites'

#### **Xbox:**

- Sign in to an adult account, press the Xbox button and follow the steps to get family settings above
- Select the child account you want to put controls on, then select 'Web filtering'
- Select the dropdown to see the available options, and choose the level of filtering you want
- Manage purchases in the Microsoft Store

#### **Online:**

- Sign in to an adult account, as above, find your child's name and select 'Content restrictions'
- Under 'Ask a parent', switch 'Needs adult approval to buy things' to 'On'

#### **Xbox:**

- Go into your family settings, as explained above, and choose a child account
- Select Privacy & online safety > Xbox Live privacy > View details & customize > Buy & download and then select 'On' in the 'Ask a parent' box

**Read more here:** <https://support.microsoft.com/en-us/hub/4294457/microsoft-account-help#manage-family>

#### **PlayStation**

- You'll need to set up accounts for family members, with adult and child accounts, and make sure you and other adults have family manager or parent/guardian status. Read more about how to do this here: <https://www.playstation.com/en-gb/get-help/help-library/my-account/paren...>
- Set a login passcode and system restriction passcode
- A login passcode means that only you can log in to the 'family manager' user on the system.
- To do this:
- Go to Settings (this should be shown by a toolbox icon) > Login Settings > Login Passcode Management
- Set a 4-digit passcode using the controller, then re-enter it to confirm
- Using a system restriction passcode will prevent your child from changing parental control settings. To do this:
- Go to Settings > Parental Controls/Family Management > PS4 System Restrictions
- Enter the existing system restriction passcode (if you haven't set one before, the default is 0000)
- Select 'Change System Restriction Passcode'
- Enter a new 4-digit passcode using the controller, then re-enter it to confirm
- The PlayStation website also explains how to disable new user creation and guest login: <https://www.playstation.com/en-gb/get-help/help-library/my-account/paren...>
- Set spending limits
- Go to Settings > Parental Controls/Family Management > Family Management
- Select the user you want to set a spending limit for
- Select 'Applications/Devices/Network Features' under the 'Parental Controls' section

- Select 'Monthly Spending Limit' and press X
- Restrict access to network features
- Go to Settings > Parental Controls/Family Management > Family Management (you may need to enter your account password)
- Select the user you want to set restrictions for
- Select 'Applications/Devices/Network Features' under the 'Parental Controls' section
- Under 'Network Features', you can choose whether to allow a child user to communicate with other players on the PlayStation Network, or view content created by other players
- Set age rating levels for games, Blu-ray Discs and DVDs
- Go to settings > Parental Controls/Family Management > Family Management (you may need to enter your account password)
- Select the user you want to set the age level for
- Select 'Applications/Devices/Network Features' and select the content you want to restrict
